SRI RAJARAJESHWARI TECH

Sri Rajarajeshwari Tech (SRT) (Initially SRRPW) is ISO 9001-2015 certified Plumbing & Firefighting service company started by Mr. Suresh in the year 2000 at Bangalore.

SRT is best in the industry and listed in 'Indian Plumbing Association' companies list. It has 20 years of experience in providing good customer services in plumbing and maintenance services for Residential buildings, Luxury Bungalows, Apartments, Commercial buildings, Hotels and Hospitals. We are having **60+ skilled manpower** and we work in all type of plumbing pipe installations and specialized in latest technology Stainless steel press fit piping.

We are the Authorized stockiest for Karnataka for SS press fit pipes Grade EN316L, JIS304 and JIS316L - JINDAL make (Made in India).

SRT started undertake Fire Fighting services with the experience of team and process.

SRT proudly says we are currently executing PHE work at "Kempegowda International Airport Bangalore"- Terminal 2 -Domestic & International Lounge (L4)

SURESH. L (Proprietor)

Having Good field experience, he has started plumbing installation works in Bangalore with minimum strength. Through his continuous hard work and dedication, SRT has successfully completed around 150+ residential building, 60 + Luxury bungalows, 25+ commercial building (Hotels, Hospitals & complex) and many others.

He always strives for customer satisfaction through his cost-effective and best industrial standard works and continuous coordination, he has got most of the projects through repeated customers and good feedback and references.

MOHAN. L (Director – Business Development)

Basically, a **BE - Mechanical Engineer**, Having 15 years of experience in **the Fire fighting and Plumbing systems**. He started his journey with 'Fire pro systems' as a Site Engineer-FPS. Then he worked with good process-oriented Real Estate Developers "Sattva" and "Phoenix mills Ltd". He worked in various roles and responsibilities in organization and having very good experience in MEP systems, Coordination with MEP consultants, Architects, PMC and clients.

With this experience he has joined the SRT team, definitely it will help to give best service to the customers in terms of latest technology and standards.

VISION

SRT aspires to be recognized as best in Plumbing and Firefighting service for the customers and we should be the first choice for integrated plumbing solutions with Stainless Steel piping technology and get top list position in south India within next 10 years.
